

One-Year Limited Driveway Warranty

RC Pro Solutions guarantees all new driveway installations against defects in materials and workmanship for a period of **One Year** from the date of completion. This warranty covers the following:

- **Materials:** All materials used in the construction of your driveway, such as Concrete, Pavers, and any base materials will be of high quality and free from defects.
- **Workmanship:** Installation will be performed by our qualified professionals following industry best standards and practices. This includes proper base preparation, drainage, and material application. **(2018 International Code)**
- **Major Cracking:** This would be considered 1/8 of an inch or larger and or 30% of the length of the expansion joint. We would assess the integrity of the driveway and the best way to address the issue.
- **Repair or Replace:** If major Cracking, Scaling, Pitting, or Pop-out occurs within One year of the completion date due to defective materials or workmanship, the major issues listed above in the area or areas of concern will be repaired or replaced. This will be carried out at no charge to the homeowner. The contractor will have the right to choose between repair or replacement.

What is Not Covered:

- **Normal Wear and Tear:** Over time, driveways will experience some wear and tear, such as stress cracks, minor shifting, or fading.
- **Acts of God:** Damage caused by natural disasters such as – but not limited to - floods, earthquakes, or tornadoes.
- **Settling:** In the first few years after installation, the driveway may settle slightly. This is typically due to soil compaction and is not a cause for concern unless it is excessive or uneven. We will assess the settling and address any concerns you may have.

- **Altering Areas near the Driveway:** That will allow water run-off and erosion to undermine the driveway.
- **Improper Maintenance:** Failure to maintain your driveway according to our recommendations, such as regular sealing for concrete, weed control for pavers, or addressing tree roots that cause cracks may void the warranty.
- **Chemical Damage:** Damage caused by harsh chemicals, de-icing salts, oils, or other corrosive materials.
- **Overload Damage:** Damage caused by exceeding the driveway's weight limit.
- **Work Performed by Others:** This warranty will be void if anyone other than RC Pro Solutions makes repairs to the driveway without our prior written consent.

Making a Warranty Claim:

To make a warranty claim, please contact RC Pro Solutions at (678-559-9990) or info@rcpro.net within **90 Days** of discovering the issue. Please provide a detailed description of the problem and include any photos that may be helpful. We will investigate your claim and determine the next steps.

**By having RC Pro Solutions install your driveway, you agree to the terms of this warranty.
Thank you for choosing RC Pro Solutions for your driveway project!**
